

Dear Community Member,

It is no secret that our country has entered extremely tumultuous political and social times. Our industry has taken a bold and firm stance to protect the wild spaces we value. In addition to environmental justice, recent years have also played home to an increase in conversations around social justice.

In honor of LGBT History Month, National Coming Out Day and the second anniversary of the NPS LGBTQ theme study, leaders from the outdoor industry and community stakeholders will gather on October 19th through the 21st in San Francisco to cultivate connections, build community and inspire all to create more accessible and affirming ways for the LGBTQ community to get outside.

The success of the second annual LGBTQ Outdoor Summit is dependent upon the financial and in-kind support of corporations and private donors. We would like to ask you to consider becoming one of our 2018 Summit Sponsors. In addition to supporting this work, as a sponsor you will receive positive media attention, Summit passes and advertising in our Summit program. However, most importantly your contributions will help us create the most empowered generation of queer and allied outdoor enthusiasts and advocates.

We hope you will consider supporting this work at one of our sponsorship levels, or by making an in-kind contribution for the Summit. Thank you for your consideration.

In solidarity and
adventure,
